About Kustom Kinetics
Kustom Kinetics has been a provider of Medicare approved prefabricated orthotics to therapists and nursing home staff for over 18 years. We provide the very best products from over 20 of the finest manufacturers and we service over 2,700 patients annually.

We have Regional Orthotic Specialists throughout the country who provide on-site assessments, training and ongoing support to ensure proper product use and maximize patient benefit.

Mission Statement
We work to improve the lives of our customers by furnishing high quality prefabricated orthotics that support greater mobility and an increased quality of life in their environment. We recommend and ensure the appropriate use of our products. We also support the healthcare professionals in the level of care they provide their patients.
**Vista® Collar**
- The Vista® Collar from Aspen improves patient care while saving time, money and storage space.
- With its innovative height adjustment technology, the Vista® is really six collars in one. The right size is always at hand, reducing storage and inventory costs, while improving patient care.

**RMI VertebreEase™ TLSO With Safe Cerv Left or Right**
- Treats left head leaning w/ or w/o forward leaning.
- Treat neurological tone, lost range of motion, chronic low back pain, spondyloysis, degenerative disc disease, facet syndrome, post-op fusion, spondylolisthesis, compression fracture, spinal fractures, and spinal stenosis.
- Cervical Collar attaches to back of VertebreEase TLSO or Safe Spine TLSO. Heat moldable for exact fit. Remold/reset to gradually correct alignment. Semi-rigid design is comfortable & applies prolonged load passive stretch to reach relaxed state and relengthen shortened tissue, correcting deformities.

**Aspen The Summit™ 637**
- The Summit™ 637 provides all of the features and benefits of the Summit 631 with additional profile.
- The Summit™ 637 delivers the same effective compression and limits motion, while providing additional coverage for patients in need. Rigid side panels provide additional lateral support while still maximizing comfort.

**OCSI DynaPro™ Flex Elbow**
- Abnormal reflex arc therapy provided by the device assists in neuro-rehabilitation.
- Axial hinge with legible goniometer facilitates brace fitting.
- Treats mild/moderate flexion.
- Bacti-Ban™ keeps covers cleaner and more odor resistant.
- Elbow cuff extenders available.
- Proprietary gel padding in cuff.
- New fabric reduces shear/friction.

**Flex POP Elbow**
- The Flex POP Elbow Orthosis by RCAI provides rehabilitation for joint stiffness and contraction, instability, strains, sprains, and ligament repairs.
- Constructed of a breathable one-piece Ortho-WickTM liner, this lightweight brace absorbs perspiration and moisture away from the patients’ skin, keeping them cool and comfortable.
- The versatile Flex POP features range of motion hinges, with flexion and extension stop settings at 7 1/2°. Straps are sewn to the brace liner to prevent loss in the laundry.

**OCSI AirPro™ COKO ROM Knee**
- New fabric reduces shear friction.
- Proprietary gel padding in cuff.
- Knee Cuff extenders available.
- Bacti-Ban™ keeps covers cleaner and more odor resistant.
- Gently reverses tissue shortening.
- Air bladder therapy for severe contracture treatment.
- Removable KWIK-SET™ hinge control maintains brace settings.

**DeRoyal Warrior Knee Brace**
- DeRoyal Warrior can be used for prevention of injury and recovery.
- The only brace with a genucentric hinge.
- DeRoyal Warrior is breathable and comes in different lengths.

**OCSI OrthoPro™ OA Knee Brace**
- The OCSI OrthoPro™ OA Brace is designed specifically for patients that have uni-compartmental osteoarthritis of the knee.
- The OrthoPro™ OA Brace is the first OA brace designed and engineered not only to do the necessary unloading of the patient’s knee for pain relief, but in addition, to functionally correct the abnormal gait to significantly delay OA progression.

**OCSI SoftPro™ Grip**
- Treats moderate to severe contractures of the wrist/hand and fingers.
- Easily adjustable.
- “Bend to Fit.”
- Color-coded straps.
- Bacti-Ban™ covers.
- Extra long wrist strap holds the wrist in the proper position and applies a gentle stretch.
- Palm bar fits into the palm.
- Two incrementally larger palmar rolls.
- Finger separators and ulnar drift strap available.
- Extra cover included.

**OCSI SoftPro™ Functional Resting Hand**
- “Bend to Fit.”
- Easily adjustable.
- Color-coded straps.
- Bacti-Ban™ covers.
- Treats moderate contractures of the wrist/hand and fingers.
- Extra long wrist strap holds the wrist in the proper position and applies a gentle stretch.
- Thumb is “Bend to Fit” to support, position and/or correct alignment of the thumb.
- Finger separators and ulnar drift strap available.
- Extra cover included.

**Men's Conform Classic Diabetic Shoe**
- New & improved SmartGrip™ polymer sole.
- ½” Removable hidden depth in 2 layers.
- Genuine leather upper.
- Plastazote® foam lining molds to the foot for a customized fit.
- High toe box.
- Removable Conform Orthotic with Plastazote.

**OCSI SoftPro™ Gel HKO**
- Adjustable bar effectively treats adduction.
- Allows Abduction up to 45°.
- Bed and/or wheelchair use.
- The OCSI SoftPro™ Air Bladder Starter Kit pictured to the right is available for severe abduction.
